

Anesthesiologists

Hamilton Health Sciences (HHS) has opportunities for full-time, part-time, and locum Anesthesiologists. HHS is associated with DeGroot School of Medicine at McMaster University, Faculty of Health Sciences. The HHS Department of Anesthesia provides patient-centered care across four sites. We are Ontario's most comprehensive healthcare system, with more than 1,100 beds. Surgical services supported by the Department of Anesthesia include pediatric and neonatal surgery with one of the largest Neonatal Intensive Care Units in Canada, women's health surgery, high risk obstetrics, neurosurgery and neuro-interventional procedures, cardiac surgery with its ancillary interventional procedures, vascular surgery, hepatobiliary and general surgery, major orthopedic surgery, urology, and plastic surgery that includes burn trauma unit support. We also support regional adult and pediatric trauma centers. Acute, transitional and chronic pain programs are delivered in affiliation with The Michael DeGroot Pain Clinic.

Our academic mission supports both undergraduate and postgraduate medical education as well as clinical and basic sciences research. McMaster University Faculty of Health Sciences consistently ranks among the highest in Canada in terms of the research impact. As well, McMaster University is one of the most highly cited universities nationally and internationally.

Hamilton is situated on the western shore of Lake Ontario and offers the perfect combination of city life and nature. Our vibrant, accessible, family-friendly core is bursting with new restaurants, breweries, and shops in addition to a large public art gallery, several theatres, and a sports and entertainment arena. Hamilton area offers numerous recreational activities such as boating, golfing, biking, skiing, and hiking along hundreds of kilometres of walking trails weaving along the waterfront, through the greater Hamilton area and along the renowned Bruce Trail. Hamilton is geographically situated between Toronto and Niagara, less than an hour's drive from each destination. This proximity affords easy access to airports, major league sports, cross-border shopping, and of course, Niagara wine country.

Qualifications: Interested applicants must have or be eligible for certification from the Royal College of Physicians and Surgeons of Canada and be eligible for a licence to practise in Ontario. Applicants must also satisfy the credentialing requirements of Hamilton Health Sciences.

Remuneration and Work Distribution: All members of the HHS Department of Anesthesia are remunerated for their clinical work by fee-for-service according to the Ministry of Health and Long Term Care Schedule of Benefits. McMaster University remunerates for academic work and has a benefit program for Geographic Full Time Faculty. The HHS Department of Anesthesia is committed to the fair and equitable distribution of work assignments. Both, full-time and part-time members of the department are expected to participate in the calls, according to their specific privileges. Locum Anesthesiologists do not participate in the call schedule.

To apply, please submit your CV and letter of interest. Please contact: Dr. Susan O'Leary, Chief, Department of Anesthesia Hamilton Health Sciences. 905 521 2100 ext. 46698 or olearys@hhsc.ca.
